Sister Todd read a very interesting article in regard to planes. The Douglas Aircraft Company has just finished a luxurious new plane for President Roosevelt. Henry J. Meyers, who flew the five senators around the world has been out in Calif. tuning up the plane while the President's Hiliputis Cook is tuning up its Kitchen. The plane the most elaborate ever to fly, has an elevator, an apartment and bath for President's own use. Cost \$750,000 seems Sec of Treasury Morgenthau and Sec of War Stimson each have planes for own special use. Some Administration Critics are now turning an inquisitive eye on the number of government planes kept in idleness by high government officials. Conicalvin. Ann Sec B Sonom Co Pomer
